Get experience for start career as JavaScript Developer in the company "MaybeWorks" and after five years to get as Team Lead.

I have experience of programming in programming languages JavaScript(HTML5/CSS3), Java Core, C/C++/C#, MySQL as student and in graphic packages such as Photoshop, CorelDraw, Zbrush, 3DStudio MAX.

Last year in summer I was studying on the QA Automation Engineer course from EPAM Systems, but at the end of the course I decided that it was not for me. I'm currently studying at "Hillel" Computer Shoole on the Front-End Pro course.

I'm motivated for learn something new. I'm fast learning new thing.
